

Dear Resident,

## **Re: North Devon Link Road**

The North Devon Link Road was opened to traffic at the end of 2024 and since then we have been undertaking finishing works to the road and temporary working areas with most of our activities being completed at night time to minimise disruption to the travelling public.

As part of these finishing works, we are working with National Grid to facilitate the installation of electrical connections required by the project. From 10<sup>th</sup> to 11<sup>th</sup> March 2025, National Grid will be installing a new pole and transformer alongside the A361, approximately 300 metres east of the Yarnacott Bridge near Swimbridge. Works will not be continuous during this period and we anticipate works will be completed within 2 days. Temporary traffic management will comprise 2-way temporary traffic lights and we will not be closing the road to complete these works.

Further project information will be available on our project specific webpage, which can be accessed via [Griffiths Community](#). Here, you will also find project updates, the latest news, and any changes to traffic management layouts for the duration of the project. Please keep an eye out for further information.

Your Public Liaison Officer for this project is Caroline Cann. Should you have any questions or concerns in relation to our works, please contact Caroline Cann between the hours of 09.00 and 17.00 Monday to Friday via telephone on T: 01633 848 223

If you are calling outside these hours, or if Caroline is unable to answer, please leave a message. Alternatively, you can email us at [NDLR@alungriffiths.co.uk](mailto:NDLR@alungriffiths.co.uk)

Yours Sincerely,

Griffiths
